

As a final-year B.Tech student in Electrical and Communication Engineering, I am actively seeking an entry-level role within an organization where I can apply my expertise and further enhance my skills. My objective is to make meaningful contributions to the team and foster the growth of the organization while remaining receptive to new learning opportunities.

EDUCATION

Electrical and Communication Engineering - BTECH

Vignan's Institute of Information Technology

2020 - Present

Intermediate

Sri Gayatri Junior College

2018 - 2020

SSC

Indian Springs EM High School

2017 - 2018

PERSONAL PROJECTS

Tic Tac Toe (skills: HTML, CSS, JAVASCRIPT) (11/2023)

- Here, I developed a game for two players, called "X" and "O" who takes turn marking the spaces in a 3 x 3 grid. The player who succeeds in placing three respective marks in horizontal, vertical and diagonal row wins the game.

Personal Portfolio (skills: HTML, CSS, JAVASCRIPT) (10/2023)

- Here I developed a portfolio which is a curated online space that showcases your best work. It's one of the best way to share your work with collaborators or employers.

Dictionary (skills: HTML, CSS, JAVASCRIPT) (04/2023)

- Here I developed a book that lists terms in alphabetical order and explains what each word means in the same or another language.

Calculator (skills: HTML, CSS) (03/2023)

- Here I developed a basic calculator used for operations such as addition, subtraction, multiplication and division.

Number Guessing Game (skills: PYTHON) (11/2022)

- Here number is generated and compared with user input, based on user input it will be printed as low or higher than the number generated. So user need to guess according to the printed message.

Dual Axis Solar Tracking Device (skills: ARDUINO) (09/2022)

- This is a Mini Project. Here as a member of a team we developed a device which tracks the sun to collect more solar energy.

SKILLS

C Language

C++

Python

Html

CSS

Javascript

MySQL

Github

ACHIEVEMENTS

Secured third place in chess competition at Vignan's Institute of Information Technology.

Secured second place in karate boys district level competition.

Participated in college level Badminton competition at Vignan's Institute of Information Technology.

CERTIFICATES

C++ Data Structures and Algorithms - offered by Udemy

Mastering C++ programming course - offered by Udemy

Basics of python certification - authorized by Infosys spring board

C, C++, Core Java certification - offered at Datapro Empowering skills
